

Objection to minutes –

233/PC/10

In our agenda it states Football Club – Item requested by Cllr Matthews

I would like to point out for the minutes that I have not requested this item at all. What I actually requested was that my disagreement with last months minutes that were signed off be minuted this month as follows:

To be Noted and read out in the February meeting that:

My recollection of Item 193/PC/09 on the December minutes seems to be slightly different to that shown. As the minutes are a public record could I appreciate that the council cannot amend them after being signed off. I would however respectfully request that my comments are noted in this months minutes please.

Upon the return to the hall, Cllr Y.Ball had no understanding of what was being voted on but was being prompted frantically to raise her hand by Cllr J Ball (her husband) and other Councillors before she knew what the vote was being taken for. Cllr Y Ball was not been present for:

- a) The proposal by Mark Fletcher or Cllr Arnold.
- b) Any discussion pertaining to this item.
- c) Was not in the meeting room when the vote was called for.

Upon returning to the table Cllr Y Ball's hand was in the air before she had even retaken her seat at the table, claiming "***what are we voting on***". It is my recollection that Cllr.Y Ball was voting on the request of others rather than on any understanding of what had been discussed. The Clerk pointed out in brief terms what was being voted upon to Cllr Y Ball but it is my opinion that Cllr Y Ball was still completely unaware of the discussions that had taken place on this proposal.

Cllr Gary Matthews

Gary Matthews
